

Site Council Meeting Notes August 16, 2017

Start Time 5:30 PM

WELCOME:

Erin Ozuna-Gross, our new Site Council President welcomed us to the meeting.

SITE COUNCIL PURPOSE & HISTORY

- The site council is a group of teachers, parents, classified employees and community members that work with the principal to develop, review and evaluate programs at the school level as well as the school budgets while helping to build a positive culture. The school site councils asks thoughtful and challenging questions that do not just represent their own interests but will best serve the community as a whole.
- Everyone is a member!!!
- Historically our Site Council has worked on important efforts like the campus unification and transition. Site Council is also the hub for parent feedback and over the years has helped shape many school practices.

There is and always will be much work to be done and the success of our school relies on all of us. Attending meetings counts towards your volunteer hours. So signup on Signup.com!

SITE COUNCIL OFFICERS AND HOW TO CONTACT THEM:

- Who We Are:

Erin Ozuna-Gross - Chairwoman

Jacquelyn Obrand - Site Council Secretary

SCHEDULE OF TOPICS FOR THE FALL MEETINGS:

- September: Present and celebrate our school wide testing data.
- October: TBD
- November: Attorney General's office presents "Internet Safety"
- December: No meeting

COMMENTS OR QUESTIONS:

- Our Site Council President informed and invited us all to nominate for “Team Up for Technology” at the Jimmie Johnson Foundation website. An event invite has been set-up on our school facebook. Nominations close at 5:00 PM Eastern time on Friday September 8th. Please nominate so our school could win a 48,000 technology makeover. More information will be sent on our weekly school emails.
- Back Gate drop off. P.E.E.R has graciously volunteered to meet/greet our children at the back gate near the ball field to receive children in the beginning of school. The time that P.E.E.R Representative will be there are from 8:05 to 8:30 AM. So far zero to a very few parents have utilized this added drop off area. Our Principal will let it operate for two more weeks. If the added drop off area is still not attracting more activity we will discontinue.
- Jessica Mitchell stepped up to encourage everyone to give to the school through AZ State Tax Credit. Outdoor Environment is 100% supported by Tax Credit. Ask your family, Grandparents, etc...
- Parent work day in the garden is scheduled for Saturday, September 16th from 7 to 11 AM. This work day is to add mulch in the gardens and gravel to the walking spaces. We also will work to add more flowers to beautify the school. We will need about 120 parents to get everything done in the time allotted. There will be heavy lifting and hauling. Please bring your wheelbarrow and shovels etcetera. Jessica Mitchell is the new Outdoor Environment Officer for the PTA.
- For the Outdoor Environment please continue to bring your rinsed out aluminum cans that are not crushed and egg shells. The children crush the cans and grind the egg shells themselves. This assists in developing the fine motor skills in the children. Exercising the fine motor skills prepares our children for reading.
- Next Site Council meeting scheduled for Wednesday, September, 20th 2017 - 5:30 PM

Meeting Adjourned 6:00 PM
